Murray Fearrey

Reeve seeks re-election

Dysart Reeve Murray Fearrey told The Echo last week that he will be seeking re-election this year.

Reeve Fearrey indicated that there are a number of projects which he would like to see through as reeve of the community.

He noted that the roads means study is very important to the area as well as the second stage of the sewers in Haliburton village.

Reeve Fearrey also expressed some concern over the official plan and that the plan should be amended to include the Miskawish area.

He added that another reason for seeking re-election is because of the co-operation he has received from the municipal staff.

Reeve Fearrey pointed out that he has enjoyed working with the staff and both permanent and summer residents in the area.

Arena problem

Report not good

Dysart Arena will need repairs, more major than originally expected as the result of an engineers report on the building.

The report was paid for by the municipality, done by Lassing Associates of Trenton in conjunction with a building safety campaign by the Ministry of Labor.

Reeve Murray Fearrey told The Echo that the main beam structure of the building is fine but additional roof joists are required in the areas of the mechanical room, auditorium and the exterior portions of the roof of the arena proper.

He said the study will be sent to the Ministry of Labor and the municipality will be making plans to call tenders.

Funding for the repairs to the arena will likely be done through the Ministry of Culture and Recreation's Wintario program which will cover 75 per cent of the costs.

Reeve Fearrey said that the other 25 per cent of the cost will have to be raised in the community. He pointed out that if the municipality put up the money there would be no chance of getting the share from Wintario.

He said that there has still been no estimates on the cost of making the repairs.

When asked if the arena was in danger of being closed down, the reeve felt it wouldn't. He noted that there would be a monitoring

program done on the building in order to continue to make sure it is safe.

Reeve Fearrey added that there isn't much snow that stays on the roof anyway.

He said that work on the repairs will likely be done during April, May and June.

The repairs are much greater than had been expected, according to a story published in The Echo Sept. 8.

At that time Reeve Fearrey said that there are some minor repairs to be done on the building. The engineers report was not out at that time.

The province has required municipalities to do engineering reports on arenas and curling clubs to make sure they are up to safety standards for Ontario.

An estimated 300 arenas in Ontario are expected to be closed this year until repairs are made.

Halloween Saturday

The Municipality of Dysart et al has proclaimed that Halloween will be held Saturday, Oct. 30 instead of the regular Oct. 31.

Reeve Murray Fearrey told The Echo that Saturday night is much more convenient for the police and firemen who patrol the area as well as the children who will not have to go out on the night before school.

County Warden Gerry Howarth and his wife Florence welcomed guests at the Warden's Banquet held at the Lloyd Watson Memorial Centre in Wilberforce. The banquet is held to honor the warden for his year of service as the head of the county. Reeve's, councillors, provincial representatives, federal representatives and other wardens were among the many guests at the banquet. Mr. Howarth received a great deal of praise for his work as warden of the county and the attempts he made to bring all levels of government closer together. Past wardens of Haliburton County were also honored at the banquet for their contribution to the county.

Board is concerned about pay scale

The Haliburton County Board of Education expressed concern at its October meeting over the adoption by three Ontario boards of a new pay scale for public school teachers that will give teachers a raise in salary by granting them a change of status.

Elementary school teachers' salaries, determined by the Qualifications Evaluation Council of Ontario (Q.E.C.O.), are set according to the educational qualifications of the teachers. The pay scale is based on higher or lower qualifications, for example the number and type of university courses completed by the teacher.

Q.E.C.O. 2 is the evaluation and pay scale presently in effect in Haliburton County. It was adopted last spring.

Victoria and Grey Counties and the Metropolitan Toronto school boards have recently accepted Q.E.C.O. 3, a more lenient evaluation and pay scale. According to Q.E.C.O. 3 some teachers will now move to a higher category, meaning a higher salary and increased expense to the board in spite of Anti Inflation Board controls.

The Ontario School Trustees' Council had advised school boards not to adopt Q.E.C.O. 3.

The Trustees' Council is a province wide organization aiming at provincial unity of trustees and province wide standards in the school

see page 6

HHSS students honored at banquet

Haliburton Highlands Secondary School students were honored Saturday night at the annual Honors and Awards night.

Dean Minto a graduate of the five year program last year took home the F.D. Herlihey Memorial Scholarship for the highest average

in year five, the Haliburton Legion Scholarship for his work in year five and the Haliburton Rotary Club Scholarship for mathematics

in year five.

Mr. Minto was also tops in science but the scholarship from the HHSS staff was given to Karen Thompson by a process of reversion.

Other five year award winners were Alan Trepanier who took the HHSS Staff Scholarship for geography; Shelly Jones, the Mrs. Lillian Curry Scholarship for languages; Lois Deacon, the Clayton W. Hodgson Memorial Scholarship for history; Maureen O'Hara, the Students' Council Scholarship for English; Brian Anderson, George Cooper and Dale McCrea, the Haliburton County Board of Education Bursary; and Dale McCrea, the Mrs. Jean Herlihey Memorial Bursary for continuing studies.

The school honored five Ontario scholars who were presented with the awards by MPP John Eakins. The Ontario scholars are Judith Cooper, Lois Deacon, Shelly Jones, Dean Minto and Karen Thompson.

Five students were presented with Haliburton Highlands Honor Society Certificates, Lynn Barnhart, Joe Iles, Kenneth Mantle, Richard Stouffer and Larry Watson. The certificates were presented by Nona-Lyn Philip.

George Cooper, Judith Cooper, Sandra Gough, Dean Minto, Barbara Payne, Cleve Roberts and Karen Thompson were presented with school letters by principle Brian Mosgrove.

Marlene Cook and J'Nan Sisson received the Travel-

ways Ltd. award for general proficiency in the four year program.

Other four year graduate winners were Beth Hicks, the Donald J. Finn Bursary; Sharon Tyler, the Valerie Cowan Memorial Award; Wray Knowles, the Curtis Way Memorial Bursary; Schennelly Stoughton, the Minden Rotary Club Bursary; Jennifer MacInnes, the Haliburton Legion Bursary; Larry Watson, The W.R. Curry Memorial Bursary and Anne Tallman, the Mrs. Hazel R. Newman Memorial Bursary.

Year three and four award winners were Marnie Blair, year three history; Stephen Baker, year four history; Teresa Vandervel but by reversion to Leslie Ann Hammond and Beth Hicks, the Lindsay, Haliburton Real Estate Scholarship for year four geography; William Tyler, the mathematics and science award and Cynthia Archer the arts and science bursary.

The Agnew's Red and White award for the highest average in year one on the January exams went to Martha Carnochan, Jocelyn Kennedy and Paul Madden.

Gerri-Lee Agnew and Jocelyn Kennedy took the Sherman Taylor award for year one social studies; Robert Jackson won the Canning Lake Property Owners' Association Award for year two advance level English; Jennifer Anderson was awarded the Jim Cooper Scholarship for year one mathematics; Marion Bernin was given the year one

geography scholarship; Leigh Welch, the Glee Club Scholarship for year one industrial arts; Norma Teasdale, the year two Glee

Club Scholarship for family studies; Beverly Jones, the year two Glee Club Scholarship for advanced level family studies; Kimberly

Brohm, The Laurie Bacon Memorial year two general program; Norma Teasdale, the Mathematics Scholarship for year two general level

mathematics and Deanna Wooton, the Philip Payne

see page 12

Elizabeth Herlihey presents Dean Minto with the F.D. Herlihey Memorial Scholarship for the highest average in year five at Haliburton Highlands secondary school. Mr. Minto, a graduate of the school last year, took home a number of awards for his performance at the school. He had an average of 90.3 per cent in his final year at HHSS.

The Haliburton Highlands Secondary School Glee Club provided the entertainment during a break at the annual honors award night held Saturday at the school. The Glee Club has participated in many ways

to the awards night including donating some of the bursaries. The night was in honor of the many achievements of students at the school.

This and that

By Jennifer Woods

As I sit down and write this column it is snowing. It is certainly magical the first snowfall of the year, and it conjures up some warm memories in my mind. It is also a time for friends to get together and find satisfaction in each other's warm homes. And certainly the greatest way to relax with friends is over a Fondue.

The Cheese Fondue was the first and probably is the most famous of the fondues. The Swiss claim fame to this dish and fortify it with a dry white wine. It is their national dish.

Alpine Cheese Fondue

1 clove of garlic cut in half
1/2 pound natural Swiss cheese, shredded
1/2 pound of Gruyere cheese, shredded
3 tablespoons of flour
2 cups dry white wine
1 tablespoon lemon juice
Dash of pepper
Dash of nutmeg
2 tablespoons cognac or brandy (optional)
salt
French bread 1 to 2 loaves

Rub inside surface of ceramic fondue pot with garlic. Toss cheese with flour. Pour wine into fondue pot; set over low heat. When small bubbles show on bottom and around edge of pot, stir in lemon juice and handfuls of cheese, stirring constantly, after each addition, with a wooden spoon until the cheese melts. Stir in spices and brandy or cognac. Serve at once with bread cut into cubes. Spear the bread cube with a long-handled fondue fork. This recipe yields about 3 cups and serves 6.

Beef Fondue

The most popular Fondue in Canada is beef. Oil is used to cook the meat and it can be used again and again if clarified correctly. To clarify oil strain cooled oil through a very fine sieve or several layers of fine mesh cheesecloth. Oil can be stored in a glass container with a tight fitting lid.

To remove strong flavors after frying with strong flavoured foods pour clarified oil into a saucepan and add a few slices of raw potato and reheat oil slowly. Remove potato and cool and store.

To cook the beef cut into bit sized cubes. Preheat the oil before you cook the meat as this will save your fondue fuel. The beef cube is speared with a long handled fondue fork and cooked until to the doneness desired. The beef may be served with the following sauces.

Garlic Butter Sauce

Mix one cup of butter with one minced clove of garlic or more if you wish. Add one teaspoon finely chopped chives and two tablespoons of lemon juice.

Spicy Sauce

Add one cup of catsup and 2 tablespoons vinegar with 1/4 of a teaspoon of prepared horseradish. Add a dash of pepper sauce.

Bearnaise Sauce

1/2 cup butter
1/4 cup of water or dry white wine
3 tablespoons tarragon
2 teaspoons finely chopped onions
1/4 teaspoon salt
Dash of pepper
3 egg yolks
1/2 cup of mayonnaise

Combine the first 7 ingredients in an electric blender. Cook until mixture thickens. Then stir in mayonnaise. Serve with meat or fish. Yield about 1 1/2 cups.

I wish you many cozy evenings warming yourselves over the wonderful glow of a relaxing Fondue.

Mr. and Mrs. Newell

Couple celebrates anniversary

Mr. and Mrs. Tom Newell were honored on the occasion of their 66th wedding anniversary. The event was held at the Minden United Church.

The Newells were welcomed to the reception accompanied by their daughter Jean and her husband Jack Jackson.

Mrs. Percy Brinnell expressed for the congregation the high regard felt by all for the Newells. She also gave the appreciation of the United Church Women for Mrs. Newell by Mrs. Morgan Prentice. The anniversary wedding cake was adorned with miniature bride and groom.

Leslie Prentice spoke on behalf of the session of church, telling how Mr. Newell's wisdom and experience had been so helpful during his life as an elder.

Mrs. Lorne Coburn sang a fun song entitled, "Oh no, Tom".

Mr. Newell spoke of the wonderful life he and Mrs. Newell have shared for 66 years. He commented on his early life in Nova Scotia and his life in Minden.

Following the grace said by Lloyd Johnson, a delicious lunch was served.

During the years Mr. Newell has been associated with the Rotary Club, Cancer Society, Chamber of Commerce and a number of other organizations.

His ancestors came to North America on the Mayflower.

Calvin Coolidge once said, "No person was ever honoured for what he received. Honour has been the reward for what he gave."

And so we have met today to honour you Mr. & Mrs. Newell on the occasion of your approaching wedding anniversary - not for what you are going to receive - but for what you have given - to your family to Church - and to your community.

You have set a splendid example of Christian parenthood, by the family that you have raised who are a credit to you & of whom you always speak with pride & rightly so, although your family are somewhat scattered. I think that at one time or another most of us have met them. Edith attended to many of our ills, when she practiced in Minden and we know Jean who sees that we get legal title to our land deals. We know that your family are justly proud of their parents.

You have set a fine example in your loyal and regular support of this church, and your faithful attendance at worship, when health permitted.

Mr. Newell served on the board of Stewards and is an esteemed member of the Session.

Mrs. Newell has been a real worker in the U.C.W. When we served meals to the Rotary Club, she worked in a group that served cottage pudding for dessert & Mrs. Newell always made the sauce. Now the Baldwin sisters have their recipe and Mrs. Newell has hers for pudding sauce.

Tea towels are always in need of washing & Mrs. Newell invariably took them home to launder. When they came back there were always a few extras in the bundle some new tea towels, dish cloths, oven mitts, soap etc. thoughtful deeds which we appreciated.

Then there were our bazaars and bake sales. When Mr. & Mrs. Newell would come in with their arms full of donations for

sale. Mrs. Newell made beautiful aprons - all exquisitely hand sewn and I'm certain that our bake sales became famous because of Mrs. Newell's shortbread.

I'm sure that each one of us feels that our lives are richer for having known Mr. & Mrs. Newell.

The years will hold fond memories for you & we are

happy for you & rejoice that God has given you length of days to enjoy 66 years of wedding bliss.

So our anniversary greeting brings appreciation for

the thoughtful things you've done and is filled with love and best wishes, that future days will bring what both of you deserve so well and the best of everything!

Bill Smiley

©The Argyle Syndicate Ltd.

A few fall notes of superlative unimportance. My elder grandson, Pokey, is now, at two and a half years, in the pre-Kindergarten Class at the day-care centre he attends. He gets very annoyed when someone, needing, says: "Oh, you're in the Senior Toddlers' class now."

With a curl of the lip, he retorts vehemently, "No! I in pre-Kindergarten." Even at that age, there's an immense concern with status. To the Senior Toddlers, the Junior Toddlers are just punks. To the pre-Kindergartners, the Senior Toddlers are practically babies.

You remember how it was? If you were in Grade 9 at school, it was the supreme insult if someone asked if you were in Grade 8, back with all those little kids.

It was the same in the service. When you joined you, you were a raw, ignorant rookie. In six months, you were looking with tolerant scorn at the new recruits. When you finally got your wings, you looked down from Olympus at those mere children who were starting their training.

Then you went overseas, and were suddenly a raw, ignorant rookie again. After operational training, which ensured that you were a dashing fighter pilot, you were posted to a squadron, and learned to your dismay that you were just a "sprog," the term for a raw, ignorant rookie.

Same thing as a prisoner of war. You'd just been through a fairly traumatic experience, and a very dramatic one, being shot down, captured, perhaps being beaten up. You got to a prison camp, and were looked at with the utmost contempt by old-timers (if perhaps 23) who had been shot down in such exotic places as Crete or Yugoslavia or Norway, and had been "in the bag" for three or four years. You felt like a five-year-old on his first day of school.

Back to Pokey. At day-care they gave him a psychological label that mildly amused his mother, infuriated his gran, and delighted his grand-father. It was "Sneaky Aggressive." It doesn't sound too nice, but he's tiny for his age, and has to look after himself somehow. What it means, I gather, is that when

some bigger kid has pushed you around, you wait until he's not looking, then sneak up and bite him on the ear, or anything else that's handy.

Well, the postal workers are at it again. After one of the most futile strikes ever seen in Canada, they settled a year ago, for a 29 per cent package, far above the maximum allowed by the AIB. Others, teachers, mill workers, were rolled back, while the uncivil servants of our postal system kept their loot.

As I write, they are holding rotating (and illegal) walk-outs, cocking a snook at government injunctions, and acting like the spoiled children of rich parents. Maybe they've been coddled too long. I'm not yet at the point where I would single out every tenth man or woman in the postal department and shoot the person. But I'm getting there. If Trudeau were smart, he'd call back Bryce Mackasey, eat humble pie and kill two birds with one stone.

I am ambiguous toward the postal people, which takes some of the sting out of my attack. Most of those in small towns are friends and sometimes neighbors of the people they serve. They're friendly, reasonably courteous and as efficient as the system, one of the most inefficient in the country, will let them be.

It's in the bigger towns and cities, where there is no personal contact between servers and served, that the militancy among postal workers is fostered. The workers feel themselves mere cogs in a big machine, not individuals. The public doesn't give a damn about them, as long as it gets its mail on time. Therein lies revolution, and always has.

But I'm getting a little ticked off with labor in general in this country, along with a hell of a lot of other people who once supported it. We have one of the rottenest histories of strikes in the world, over the last few years.

Even for British working man, for many years a real bearcat when it came to unions and strikes, has realized there is a point of no return, and is co-operating with government in

an attempt to slow inflation in the U.K. by limiting demands for pay boosts.

Not so Canadian labor. It's "Gimme! Gimme! Gimme!" Maybe I'm old-fashioned but I think there's something wrong with the values of a country in which a plumber makes more than a public health nurse, a meat-cutter makes more than a minister.

In fact, I'm so fed up with labor that if my own union, the teachers' federation, asked me to go on strike over some real or fancied grievance, my first reaction would be: "Drop dead."

Where there is injustice, it must be rectified. But where there is only greed, getting as much as you can, and giving as little as possible, I've had enough. And that applies to sex and sympathy, as well as labor.

Last item in these futile fall notes. For two weeks I've been wearing a magnetic bracelet which is supposed to relieve my arthritis.

I'd have been just as far ahead to stick an onion in my ear, and go out and swing, by the tail, a dead cat at the moon, like Huck Finn. A colleague suggested this. He's right.

And a happy Remembrance Day to each and every one of you, too.

Mr. and Mrs. McCracken

Golden anniversary

Mr. and Mrs. Lionel McCracken celebrated their 50th wedding anniversary Friday at an open house at the home of their son Ronald, Pettit Street.

The golden anniversary couple were married Sept. 29, 1926 at Ingoldsby, Ont. by Rev. William Parker.

The bride was attended by Mrs. Florence (McCracken) Harrison, Russell Robertson, brother of the bride, was best man, Gladys (Robertson) Lake, the flower girl and Mrs. Percy Burk played the wedding music.

Born in Haliburton Mr. and Mrs. McCracken moved to Niagara Falls 33 years ago and reside at 6269 Churchill Street.

Mr. McCracken was employed as a stationary engineer at the Canadian Carborundum for 23 years prior to his retirement 10 years ago.

Mrs. McCracken taught at schools in Haliburton County and nearby areas, Belleville, Niagara Falls and the Ontario Hospital at Orillia.

A graduate of Hamilton Teachers College she retired from teaching in 1971 when she took an extended tour to the Holy Land, Rome, Cyprus, Pakistan and India.

The couple have five children, two daughters, Mrs. Joyce Sykes, Canmore, Alberta, Mrs. Sharon Armstrong, Niagara Falls and three sons, Ronald, Grant and Ernest.

Dance-a-thon for sweaters

Students at Haliburton Highlands Secondary School will be attempting to dance their way into enough money to buy gymnastic equipment and cheerleaders sweaters.

A dance-a-thon will be held this Saturday at the school beginning at 8:30 a.m. and lasting until 8:30 p.m.

A slight admission charge will be levied at the door for the general public and anyone interested in participating in the dance-a-thon is invited to do so.

The dancers are sponsored as to the number of hours they are in the competition and anyone interested in assisting by sponsoring is asked to call the high school.

It will be continuous dance for most of the day although a 15 minute break is planned for every two hours.

Valley Comfort

How a Valley Comfort heater works.

Valley Comfort heaters are a new generation of Wood Burning Heaters. Unlike the wood stoves and fireplaces of old that allowed a great deal of good heat and combustible gases to disappear up the chimney, the Valley Comfort operates on a more efficient principle.

In the first stage of combustion of wood (the distillation process), the wood is dried out but it also gives off combustible gases. The gases could not be burned efficiently in the older designed heaters as the burning wood passed through the distillation stage too quickly.

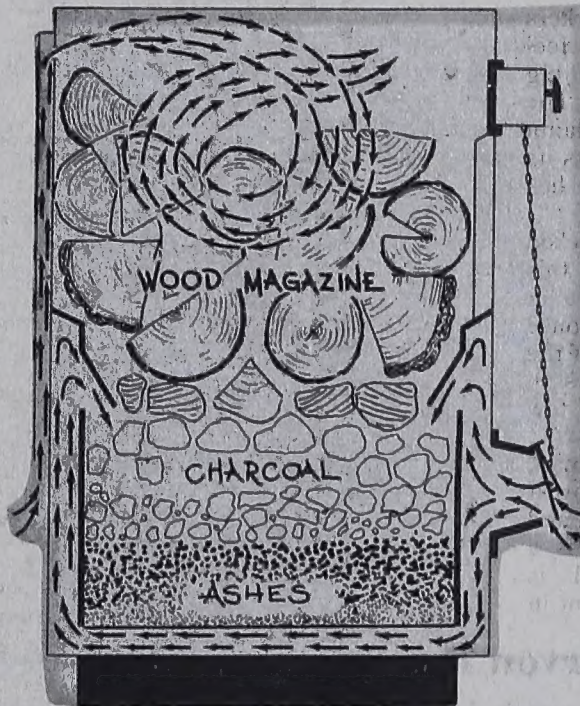

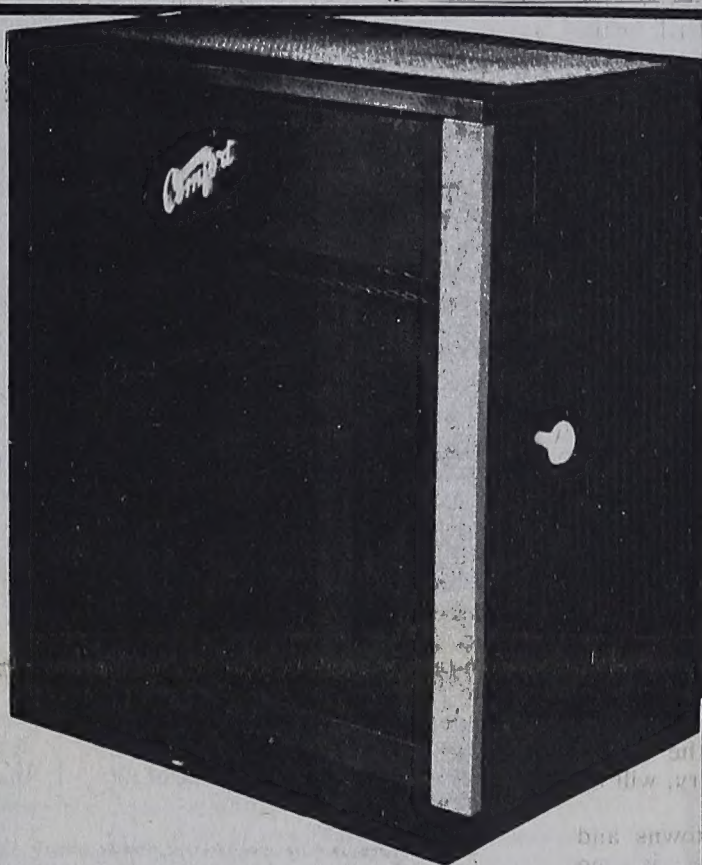

The Valley Comfort Automatic Thermostat controls the rate of distillation and allows the combustible gases to be burned at a controlled rate to produce useful heat.

After the distillation process is completed, all of the wood in the heater has been changed to charcoal.

Once this has occurred, the Valley Comfort Automatic Thermostat controls the rate of burning so that a single filling of good wood can last up to 12 hours and possibly longer (depending on the thermostat setting).

The optional Valley Comfort Automatic thermal fan control and fan assembly improve the efficiency of the heater, enabling it to easily heat the extremities of the room.

Valley Comfort Heaters come in two sizes. The model C-26, for 1 to 5 rooms and the model C-31 for 3 to 7 rooms.

Found guilty

Tried at the provincial court on October 19, Lester William Shelly of R.R. 2, Minden was found guilty of driving with a level of alcohol in the blood exceeding .08 per cent on April 13. He was acquitted of an additional charge of driving while impaired.

Judge Inrig ruled that the evidence of impaired driving was slight, since police officers had stopped Mr. Shelly's car because it had turned into a private drive that they knew was not on his property, and not because they had noticed irregular driving. The judge also agreed with Council. Ted Gardiner and ruled that the physical tests administered by Constable Martin were not conclusive, although the Constable's report stated that the effects of alcohol were obvious.

Since there was not evidence before the court that the breathalyzer machine used was faulty, the readings of over .08 were sufficient evidence to convict Mr. Shelly on that charge.

He was fined \$100 and \$5 costs. The sentence also includes a mandatory suspension of driver's license for a minimum of 30 days as provided by the Traffic Act.

O' Barn Tavern

Chamber

housekeeping cottage operator with a property of similar value. No allowance is made for whether you are in town on services or out in the bush providing your own. No allowance is made for the fact that most tourist operations require large parcels of land which will inflate the value of their property without necessarily increasing their earning capacity.

The government say they have used the Niagara area as a test case and found their formula in most cases did not cause any undue redistribution of the tax load. They used this area in their test because it represented a good cross section of all types of taxpayers. That may be fine for Niagara, but how about an area such as Haliburton where there is a narrow base of taxation. The load falls on two types of taxpayers, small business, much of which is seasonal, and residential. Instead of farms from which some municipalities will receive healthy cheques from the province, (which we as taxpayers will have to help pay) we will get nothing for our vast acreages of unpatented crown land. We have no big industry to help carry the load. The government has promised that residential taxes, on the average, will go down and that only leaves one place to pick up the difference. Can you afford it?

Now we must stress that these proposals are just that at the moment -- proposals, but the Blair Commission are now winding up their meetings and there is very little time before it will be law. By the time you receive your 1977 assessment notice, and can actually figure out your taxes, they will be law. All you can do then is appeal your assessment, but not the taxation formula.

If you feel as we do, that these proposals are wrong, then we suggest you start writing letters now. Write to Municipal Finance Branch, Ministry of Treasury, Economic & Intergovernmental Affairs, Frost Building, Queens Park, Toronto, Ontario M7A 1Z2.

We might also suggest if you are writing that you send a copy of your letter to us at the Chamber office, and one to John Eakins, your M.P.P.

Redmen victory

from page 5

defensive touchdown called back because of clipping on the play.

Doug MacNab was the offensive star of the game gaining nearly 200 yards in total offence. Larry Stinson scored one touchdown on a great run with Dave Levely, the quarterback getting the other.

The Redmen have steadily improved as the season has progressed and the coaches Gary Brohman and Bob Calloway were very pleased with the victory and optimistic for the future.

Next game is in Haliburton against Brock and a victory would assure them of a berth in the playoffs. This should turn out to be an exciting game and a large turnout would give Haliburton the moral support they deserve.

Ontario has prepared 5 free pamphlets for parents about our schools.

This is how to get yours.

The 5 pamphlets are interesting, easy to read, and filled with important information for parents:

1. "Reading and Writing: Helping Your Child Improve" offers practical and imaginative suggestions for parents to use at home.
2. "Parents and Teachers Working Together" tells how and why you should establish contact with the principal and teacher.
3. "The New Core Curriculum in Secondary Schools" explains the new expanded core of mandatory subjects to guide parents of students entering secondary school.
4. "How Your Child Learns" describes the factors that influence the learning process.

5. "The Community and Its School" explains how to make your neighbourhood school a centre of community activities.

Fill out and mail this coupon for the pamphlets you want:

Please send me the following free pamphlets:

Halloween is for children: try to keep it that way

This coming Saturday night is Hallowe'en night. This is the night that the spooks will be around for their annual night of fun and frolic.

Hallowe'en night is the night for children so let's keep it that.

In the past few years, teenagers and adults alike have been around causing a great deal of trouble and vandalism, some by the way which has been quite serious and caused a great deal of damage.

When hoodlums go around destroying property and making a general nuisance of themselves this is where the fun stops and trouble begins. Some home owners in the past have had some real bad damage done to their property causing a great deal of expense in which they have had to come good for.

This year let's make sure that this doesn't happen and leave Hallowe'en to the kids.

This Saturday night the kids will be around treating and tricking so welcome them with open arms as they are just out for a good time and won't cause you any trouble.

Some people are of the opinion that Hallowe'en night should be abolished and if the vandalism that we have had in the past persists, then this is just what is going to happen. But the hard part seems to be that the children are the one's that have to suffer. But you know we keep on wondering if the kids are getting the same enjoyment out of it that they have had in the past.

So let's make Saturday night a fun night for one and all.

Blindness can strike anyone

Blindness can strike anyone. Every day in Canada the Canadian National Institute for the Blind adds 6 new names to its registry. There are more than 30,000 blind persons known to CNIB in Canada and in Ontario, approximately 10,000. Our Peterborough CNIB District Office serves the blind of The Region of Durham and the Counties of Northumberland, Peterborough, Victoria and Haliburton. In that area we work with approximately 700 registered blind persons.

In this district as in the country, we are continually meeting new blind persons. When you lose your sight where would you turn? In most cases the people in the process of losing their vision turn to CNIB. There is no other. CNIB offers special rehabilitation,

counselling service, as well as specific services such as the white cane, the braille watch, talking book service, rehabilitation teaching in the home and mobility training. In addition CNIB offers special training programs at our A.V. Weir Training Centre, Toronto - such as the 12 week course and gives the new person an opportunity of meeting other new blind persons, of discussing their problems and of working out solutions to those problems. The Adjustment Training Course has some organized classes and some informal discussion groups. At the end of the 12 weeks a person has made new friends but has gained a great deal of confidence and experience as a blind person.

Morris didn't bring labor together

Joe Morris, President of the Canadian Labor Congress thought he could unite and consolidate the loosely knit labor movement by calling a National Strike, instead he brought about more dissension. With about 2/3 of union workers refusing to strike, he can no longer speak as the spokesman for a monolithic labor movement.

The whole affair was an exercise in futility.

It cost the country many millions of dollars.

It indicated that most people feel that

the C.L.C. should work through the ballot box and the Parliament.

It demonstrated that most people feel that a National Strike against the Government borders on insurrection.

It suggests that fighting our elected representatives, labor accomplishes less than it would by co-operating with them.

It annoyed and lessened the support of the General public, who felt that a strike of this kind is not the Canadian way of doing things.

Editor's Note: This is a letter from MP Bill Scott to members of the Canadian Federation of Independent Business.

Dear Member:

I would like to take this opportunity to make a few comments regarding your participation in the Canadian Federation of Independent Business. I certainly appreciate the fact that you have taken the time to express your views on various issues in recent months by voting your Mandate Ballot.

As you are no doubt aware, the Federation forwards on your opinions and comments to my attention and I can assure you that each month your views are carefully considered. In speaking with the Federation office in Toronto, I have been told that there are over 400 members in the riding of Victoria-Haliburton. In the recent Mandate Opinion Vote, we received 82 responses from interested members in the riding. I have been told the National average of those members who return their Mandate is in the range of 20-25 percent and thus our area follows this pattern. I thought that it might be interesting to let you know how people in Victoria-Haliburton thought concerning the recent questions raised in your Mandate Ballot. Enclosed is a tabulation which will indicate the local responses as well as the National average.

This sampling gives some indication to me of

the views of the more involved members of the Federation within our riding. I realize that many have very busy schedules and do not always have the time to vote their Mandate. I do however, want to extend my sincere thanks to all of those who do not take part in this program as it is always beneficial to hear from constituents and consider their views on various matters.

As a small businessman myself, I am well aware of the pressures and problems facing each of you. I pledge myself in the coming Session of this Parliament to continue to act in what I consider to be not only your best interests but the best interests of all Canadians. Rest assured that I am always happy to hear from you and if there is anytime I can ever be of assistance, please do not hesitate to let me know.

Wishing you all the best.

Sincerely,
William C. Scott, M.P.
Victoria-Haliburton

Opinion polls may be one way of assessing the temper of the public; and these in Canada have told the story of a marked change from the political affiliation at the time of the last Federal election.

By-elections are another way. It is true they reflect the opinion of only certain sections of the electorate; but because they are decisions, rather than words, their impact is stronger.

Monday's by-elections showed the same result as the recent opinion polls...Canadian people are dissatisfied with the present federal government. Moreover, confidence is being expressed in the Progressive-Conservative party. While the St. John's West, Newfoundland, election retained the seat for the Conservatives; the Ottawa Carleton contest showed a move from strong Liberal support to a choice for the Conservative candidate.

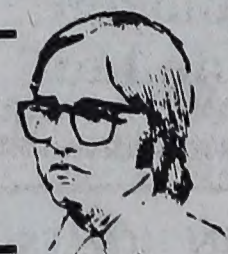

This should be interpreted as more than a vote against the Liberal administration. It can surely be seen as a vote FOR the Conservative party that is challenging the old guard under vital new leadership.

Whether in expressed opinions or the voice of the ballot-box, we should be able to see a growing confidence in Joe Clark as a leader. The few months of his rapid rise on the political scene have demonstrated ability and understanding, along with an engaging personality. He is clearly a leader who has captured the confidence of an increasingly large number of Canadians.

Bracebridge
Herald-Gazette

Editor's notebook

BY JIM BADGLEY

The municipalities of Dysart et al and Anson, Hindon and Minden, have a problem, a problem that will soon have to be bridged.

It is quite apparent that the two communities are in competition for a number of things, rightly so in regards to trade and commerce but not right in regards to how the municipalities operate and what municipality gets what.

Presently there is a great fear among municipal politicians in each community that if one attempts to get a needed service for the area the other will want the same.

This I hope is not the case. If Minden gets something that is good for Haliburton County, it is good for Dysart et al. If Dysart gets something good there should be no complaints from the other end of the road.

Let not the voice be unheard, Dysart council's plea for an Ontario Provincial Police detachment, hopefully is not falling on deaf ears.

The council has been asking for a detachment

for several years and if they stick with it someday, yes maybe someday it will happen.

Municipal councils in the resort areas are being faced more and more with the problem of people living permanently in areas zoned for seasonal use.

Dysart Council is under no obligation to provide a high level of service to these people in the winter time and for the sake of all the tax payers should not be providing this service until the funds are available.

Presently because of economic problems being experienced by all levels of government these areas will not get the service.

Persons looking for a place to retire to should also look at the zoning for the area, to make sure you have the services such as the road being plowed in the winter.

Dysart Council does not deserve criticism for not providing service to these seasonal areas, someday perhaps there will be funds to service all of the people but not at the present time.

For those who claim they are not getting much for their tax dollars all you have to do is take a look down the street. Dysart has an arena, plowed downtown and many other items which we all enjoy.

Many of us forget what this country was built on. The original trade and commerce and one of our first industries was trapping. To most trapping is a thing of the past but it is still alive and well and living in most areas of Ontario.

Last week I attended a meeting of trappers who were discussing fisher and marten quotas with people from the Ministry of Natural Resources.

I for one was surprised at the number of trappers there are in the area, and no doubt all of the local trappers were not present for the meeting.

Trapping is still a very viable business, I understand, not something a fellow does for a hobby. These people proved to me how serious it is and probably just how much it means to them.

Ice making underway
Curlers get ready for season
 With ice making underway, the Haliburton Curling Club is getting ready for another season. The men members are asked to be prepared to be contacted regarding work parties to complete the preparations for the start of curling. According to the ice maker, the ice will hopefully be ready for instruction, coaching and practice in about two weeks time and the regular league season to begin November 15. Watch the paper for more specific dates. All of last year's members will be receiving a letter to confirm their participation in the 1976-77 season. All members are asked to return this form as quickly as possible so that they can get their preferred curling times and the draws can be established. Any newcomers to the community or other people interested in joining the curling club are asked to contact Jean Collier 457-2547 and get all the details. Curling is a good way of having fun and meeting new friends while getting some healthy exercise.

Barber leads way
 Bill Barber led the way in the Wednesday afternoon mixed bowling league with a high single of 343. He came up with a 216 and 190 for a 749 triple. The league high for the season is a 760 rolled by Ray Jenkins. Ev. Stata's average moved up to 228 with the two previous week's high triples of 783 and 715. Linda Morrison holds the high single of 313. Ray Jenkins' average is 230 and Ev. Stata has a high triple of 783. Other high scorers were Alice Hogg 587 (237) Norma Parish 561 (204) and Fran Woods 563 (224). Art Beatty, a spare bowler has totaled 1,982 for nine games, including a 234, 253, 293, 254 with an average of 220. Standings to date are Fivers 20, Jets 19, Sooners 19, Floozies 18, Holly Hawks 15 and Fonzie's 14.

Figure skating starts Nov. 2
 The 1976-77 figure skating season will start on Tuesday, November 2nd at 4:00 p.m. Registration Night will be held on Friday, October 15, also from 7:00 p.m. to 9:30 p.m. at the Haliburton Arena. There will also be a registration and exchange of Figure skates and dresses on Saturday, October 16, from 10:30 a.m. to 12:00 noon, also at the Arena. Due to circumstances beyond her control, our former Pro, Mrs. Allyson Cowan has had to tender her resignation. We have been able to secure a new Club Pro, Mr. John Lynch, who will be at our registrations to answer any questions you may want to ask. Inflation has been a big item of discussion in Canada lately and here in Haliburton is no exception. Our operating costs for the season have been affected. Registration Fees for the coming season will be: \$25.00 -- for a skater who is a Pre-Schooler or in Kindergarten who has no badges. \$35.00 -- for all other skaters. \$75.00 -- for a family of 3 or more skaters. The C.F.S.A. Registration fee which goes to Ottawa is \$3.00 per skater in addition to the club fee. The above fees will entitle all Juniors up to Badge 12, to 60 hours of skating for the season, and all Seniors to 160 hours of skating, ice time. This fee included instruction for the Junior skaters but not for the Seniors. They must pay for all lessons received from the Club Pro in addition to their registration fee. Following is a breakdown of our operating costs for this season. Our club has 11 hours of ice time per week. The club pays \$10.00 per hour amounting to \$110.00 per week, \$440.00 per month and about \$2200.00 for the season. Our club pro teaches the Juniors for 3 hours per week at \$13.00 per hour for which the club is billed. This adds up to \$39.00 a week, or \$156.00 a month, or \$780.00 for the season. Our costs for the year for only 2 items will be about \$3000.00. Following is a breakdown of cost per hour to you the parent of the registration fee for the season. Pre-Schoolers & Kindergarten with no badges: Number of skating weeks 20 Number of skating hours per week 3 Number of skating weeks for season 60 Registration Fee \$25.00 Cost per hour to skate and receive instruction 42 cents. Juniors with Badges: Number of skating weeks, hours per week and hours per season, same as above. Registration Fee \$35.00 Cost per hour to skate and receive instruction 58 cents. Seniors: Number of skating weeks 20 Number of skating hours per week 8 Number of skating weeks for season 160 Registration Fee \$35.00 Cost per hour to skate only 22 cents. Senior lessons from the Pro are paid for by the individual skater. Private lessons, if desired will be \$3.25 per 15 minute lesson. Group lessons will be \$3.25 per 15 minutes and this fee is divided by the number of skaters in the group. If the Registration is not sufficient to cover our operating costs for the season, we will be unable to operate, thus a General meeting will be called to make the decision to disband the organization. If you are unable to pay at Registration Times, fees may be sent to our Club Treasurer, Box 246, Haliburton. Cheques to be made payable to Haliburton Figure Skating Club. Due to Registration book work for Ottawa which must be done as soon as possible after registration, all registrations and fees must be received and paid by October 30th, 1976.

Redmen down Weldon
 The Haliburton Redmen came up with their strongest performance of the season by recording an impressive 14-2 victory over I.E. Weldon. The players came mentally prepared for this game and proved they could win when necessary. The defence for Haliburton was very strong and aggressive for Haliburton limiting Weldon to just 2 points. Brian Shaw, Steve Collier and Kirk Potter has strong games for Haliburton and were named the defensive stars. Steve Collier had a

Traditional FLIP FLOP SOFA

Blacks "Pro" Hardware
 457-1402 and Furniture 457-1402

Report from Queen's Park

by MPP John Eakins

The Ontario Legislature reconvened Tuesday, October 26th, and already every indication points to a very busy and eventful session. As you are aware, the matter of government closing of hospitals in the Province will be debated once more, and this Government policy has been strenuously opposed by the general public and opposition members. The Farm Income Stabilization Bill will prove another contentious issue and earlier this year the plan initially put forward by the Government was defeated in the House and led to a non-confidence debate. Public concern about inflation and its effect on our daily lives will certainly be a major issue once again, and with the onset of winter and the recently announced increased hydro costs the energy problem will also be a matter of great concern.

It is anticipated that the Government will introduce most of its proposed new legislation on opening day, and we already have on the order paper bills on corporate tax, succession duty, credit unions, and personal property security. There will also probably be a number of private members bills proposed during this session.

One of the first items slated for debate is the report of the Morrow Committee on the Camp Commissions recommendations on which I reported to you some weeks ago. The report of the Select Committee on the bulk rates of Ontario Hydro is also to be discussed as are reports from two other Select Committees of the Legislature - one on highway safety and the other on trucking in the province.

A major debate on land use in Ontario is expected. Many people have been concerned about the necessity for firm guide lines to prevent short sighted developments which take valuable farm land out of production, encourage unnecessary urban sprawl and destroy our

natural resources, with little consideration of the possibility that we might simultaneously improve living and working conditions for the people of Ontario without causing irreversible damage to our environment. At the same time we must protect the ownership rights of our farmers and other citizens whose land is a major part of their material investment.

The supplementary estimates of the Provincial Ombudsman are to be debated as well as the report on land deals in the Pickering area in connection with the now cancelled (at least postponed) second Toronto airport.

A debate on the constitution is also anticipated and there seems every likelihood that there will be a debate on confidence in the Government. Also, a number of members have not yet made their contribution to the Debate on the Budget. Of course it is now more than six months since the Treasurer brought down his Budget but "The Budget Debate" provides an excellent opportunity for M.P.P.'s to bring to the attention of the Government and Legislature their views and concerns about Government policy and matters which are of importance to the people in the riding and in the province generally.

On November 11th, most members of the Legislature will return to their ridings to participate in Remembrance Day services. This past year Legion Branches throughout the country have been commemorating the 50th anniversary of the Royal Canadian Legion. I am sure most of you are well aware that our Legions play an important role in society today as they have always done over the past fifty years. Naturally the Legion is primarily concerned with veterans and their families. This does not mean that its members are constantly pre-occupied "looking over their shoulders" so to speak. They are actively and enthusiastically committed to improving the present day circumstances of those who are experiencing financial or other difficulties, and helping people to achieve fulfillment and success.

The Legion gives assistance to veterans and their families in obtaining pensions and benefits. The organization has sponsored low rental housing projects which have filled a great need at a time when Ontario's people have been faced with housing shortages and crippling high rents. Legion bursaries, public speaking contests, and Remembrance Day literary competition provide inspiration and encouragement to students at the elementary and secondary school levels, and each year something like 20,000 young people participate in Legion track and field events culminating in a provincial championship.

I hope many of you will join with me on Remembrance Day in paying tribute not only to those, who at great personal sacrifice defended our ways of life against the force of war, but also to Legion members who in times of peace continue to play an important role in preserving that way of life which they consider to be every Canadian's birthright.

See you next week.

Markham man fined

Glen Edwards of Markham was fined \$150 on a plea of guilty to careless driving. Mr. Edwards was charged on August 28, and fined in provincial court on October 19.

Tried at the Provincial

Court on October 19, James Reynolds of Haliburton was found guilty of theft under \$200.

He was fined \$100 and cost for the theft of a 14 foot fiberglass canoe belonging to Brian Turner on April 30.

From the Chamber

by Bob Stinson

Are you aware of what effect the Ontario Government's "Reform on Property Taxation" may mean to you? We rather doubt it -- in fact all the tax experts at the Ontario Chamber of Commerce are far from sure either. A committee known as the Blair Commission has been holding meetings for sometime and accepting briefs on the subject but the government has released such a sketchy picture of the programme the Ontario Chamber in their brief say they cannot intelligently make proposals because they simply do not have enough information to go on.

We attended the panel discussion in Peterborough last week sponsored by the Kawartha Tourist Assoc. From what we learned there we will attempt to give you a basic idea of how it will apparently affect our area.

The initial stage of the programme is the initiation of Market Value Assessment. Most people seem to be in agreement with this concept. In 1977 you will receive an assessment notice that should relate to the actual value of your property. At present it is difficult to tell if we are being assessed fairly or not, since our assessment bears no resemblance to market value.

The next step is the method of arriving at the tax you will pay based on this assessment. Under the proposed scheme residential property and farms would appear to gain, since homeowners will be assessed at only 50 per cent of the market value, and farmers will be assessed only on their residence, at the same 50 cent, with the cottage resorts also get a break here apparently, since they are viewed by the province as residences rather than businesses (providing they do not supply linen). It may even pay others in the accommodation business to get busy and install efficiency units and get rid of their linen.

All other businesses have cause for concern. Taxes will be based on the full market value plus 50 per cent. Now, of course, the local mill rate would be drastically changed to coincide with these changes but simple arithmetic tells you that all businesses would be paying 3 times as much tax as a homeowner or

see page 7

Pay scale

from page 1

system. Its affiliates are the Ontario Public School Trustees' Association, of which Haliburton County is a member, the Ontario Separate School Trustees' Association, the Northern Ontario Teachers' Association and the Ontario French Language Trustees' Association.

The move of the boards who have adopted O.E.C.O. 3 is regarded as an indication of the unwillingness of larger boards to respect and co-operate with the idea of provincial unity upheld by the Trustees' Council.

The adoption of O.E.C.O. 3 by some boards will mean added expense to all, it was pointed out at the Haliburton School Board meeting on October 12.

Director of Education, J.D. Hodgson explained that the pay scale for secondary

school teachers has been in effect for about 15 years, according to Ontario Secondary School Teachers' Federation Standards.

The pay scale for elementary school teachers as determined by the O.E.C.O. program is not yet stable, he said.

Guilty plea

Grant Graham, of Irondale pleaded guilty at the Provincial court on October 19 to a charge of impaired driving. On June 6, he caused \$2,000 damage to his vehicle when he drove onto the west shoulder of highway #121 from the southbound lane, hit nine guide posts and travelled 15 feet into the west ditch. He was fined \$350 and costs.

H.H.S.S. News

by Becky Davidson

One of the biggest events of our school year is the Honour Banquet and Awards Night held October 23. It is a time for those students involved to be proud of their scholastic achievements and be encouraged to "Excel Today For Tomorrow."

A Dance-a-thon will take place at the school Saturday, October 30, from 8:30 p.m. The proceeds will go towards the support of the cheerleaders and the gymnastic club.

A new musical group began last week under the direction of Miss McKen. The Jazz Ensemble is composed of trumpets: Miss McKen, Chris Clyde; Clarinet: Peter Heuss; Drums: Dick Stouffer and Piano: Becky Davidson.

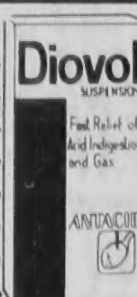

The grade 12 Theatre Arts class is busy rehearsing their production of Noel Coward's "Waiting in the Wings." The play will be performed publicly December 3rd and 4th.

Our girls basketball team played I.E. Weldon October 19. The Lindsay midgets won 16-10. Our high scorer was Kelly Martin. The Haliburton juniors won 30-28 with high scorer Alison English. The Lindsay seniors won 38-15 with Lou-Ann English as our high scorer.

Our football team travelled to Lindsay October 21 to play I.E. Weldon. Our team won 14-2. The outstanding offensive player was Doug McNab. Special mention the entire defensive line led by Brian Shaw, Kirk Potter and Steve Collier. This is our first victory of the season. The boys deserved to win as they played up to their potential. Next game will be at home, Thursday, October 28 against Brock.

Clerk-Treasurer.

CHANGE OF OWNERSHIP

Mark S. Vasey wishes to announce the purchase of his business, Mark S. Vasey Insurance Agency Limited to Cameron Carey. Mr. Carey comes to us well qualified having been associated with the general insurance business in the Hamilton area for some 30 years. Cam and his family will reside in the Village of Haliburton.

I am particularly delighted to announce that there will be no changes in the Mark S. Vasey Insurance staff at Minden. Cam has been working with us since the first of October and I am very pleased to see that he has a keen and vital interest in continuing the policy that made my Company so successful - personally servicing the needs of our Clients in Haliburton County.

I welcome Cam and his family to the Haliburton Highlands and I sincerely hope that you will afford him the opportunity of serving you as I have done.

My sincere thanks to all the people in Haliburton County who gave me the opportunity of servicing their insurance needs over the past years.

To my faithful and loyal staff at Minden, Verne Gartshore, Marjorie Jackson, Holly Cooper, Barbara Todd and to those associated with our Haliburton office, words can not express my gratitude for their years of dedicated service.

Minden News

Mrs. Wallace Walker enjoyed a visit with Mr. and Mrs. Wayne Walker and family of Cameron and Mr. and Mrs. Wesley Walker and family and other friends at Cambray.

Mr. and Mrs. Lewis Stevens, Mr. and Mrs. Wm. Robinson, Dennis Misner (of Burlington) all enjoyed a two-week vacation at Acapulco.

A sincere welcome to Dr. Jeff and Marian Lodenquai, Chris and Gred who have just come to town and are living in the Dumas house.

Mrs. L. Cox, Mrs. V. Cowan, Mrs. S. Ewing, Mrs. P. Clarke, Mrs. J. Hulbig and Mrs. Reta Brown attended the Victoria East District Tea held at the Legion Hall, Bobcaygeon last Thursday afternoon.

Anna and Tom Hurta report having an enjoyable motor trip to the Maritimes.

The ladies of the U.C.W. had a very successful Rummage Sale in the United Church Hall last Friday.

All their friends send good wishes to these people in hospital, Mrs. Bob Wright, Mrs. Eldridge Bull, Mrs. Floyd Hie, Russell Harrison all at Ross Memorial and to Mrs. Garwood Stevenson and Bill Moore at the local one.

Sincere sympathy goes to the family and friends of the late John Fergus whose funeral was Wednesday.

Mr. and Mrs. Ron Avarell and Warren of Orono were weekend guests with her mother Mrs. Allan Taylor.

NOMINATIONS TOWNSHIP OF SNOWDON MUNICIPAL ELECTION DECEMBER 6th, 1976

Nominations of candidates for the following offices will be received by the undersigned during normal office hours from Thursday, November 11th, 1976 to 5-00 p.m., Monday, November 15th, 1976.

THE OFFICE OF REEVE

THE OFFICE OF DEPUTY REEVE

THE THREE(3) OFFICES OF COUNCILLOR

THE OFFICE OF SCHOOL TRUSTEE

Nomination papers are available from the office of the Clerk and

(a) Shall be signed by at least ten (10) electors whose names are entered in the polling lists of electors entitled to vote in an election to such office.

(b) Shall state the Name, Occupation and Address of the person nominated in such manner as will identify him and the office for which he is nominated.

(c) Shall state the Name and Address of each elector signing the nomination paper.

If a greater number of candidates than required to fill the said offices are nominated and make the required declarations, notice of the time for the holding of the poll, including the advance poll and notice of the last day for making applications for a certificate to vote by proxy will be given forthwith.

Geoffrey Wynne,
Clerk and Returning Officer.

Fined \$200 in provincial court

Edith Margaret Foote of Minden was fined \$200 (according to income tax regulations) at the provincial court on October 19 for failure to remit \$195.11 which she had deducted from the wages of her employees during the month of March 1976 to the Receiver General.

The \$200 fine is a minimum fine demanded by the Income Tax Act. Prosecutor Ron Cork for the Department of National Revenue said "that to his knowledge, the arrears had not been paid."

A cheque for payment of the fine was filed for Mrs. Foote by an agent who appeared in court on her behalf.

Board accepts tender

At its monthly meeting, the Haliburton County Board of Education accepted a tender from Black's Hardware in Haliburton for the installation of aluminum storm windows for the old section of Victoria Street School. The tender amounted to \$1,697.

There was some discussion by the Board as to accepting other tenders which specified greater amounts in the belief that these windows would be of a superior quality. It was pointed out that Black's does not usually supply storm windows, so the price could be lower than the other tenders. The company that Black's deals with gave assurances that the large windows would be of the heavier gauge required for the size and use.

Inquiry going to hierarchy

Director of Education for Haliburton County, J.D. Hodgson said Friday that the inquiry being made into the decisions by Brownvale Schools to charge students from other group homes in the County for the use of Brownvale school buildings while they attend classes there has been passed on to Brownvale school officials further up the hierarchy in the Brownvale system.

Last week, Mr. Hodgson spoke to John Younger of Barrie, director of Brownvale Schools for this area. Mr. Younger told Mr. Hodgson, director of all schooling in the County, that he would refer the issue to Frank Wilson, in charge of Education for Brownvale across Ontario.

Mr. Hodgson began an investigation in to Brownvale decision when he learned that three boys from a group home not belonging to Brownvale were not in school because the home would have to pay for the use of the Brownvale buildings. Brownvale teachers are paid by the Provincial government through the Haliburton County Board of Education. Their enrolment of 20 at the beginning of this month was unusually low.

Mr. Hodgson has been told however, that the Brownvale establishments in the County expect 10 more enrolments in their homes before the end of the next two weeks.

Mr. Hodgson said that he does not expect that official word on the matter will be available until the next school board meeting, which will be held as usual on the second Tuesday of the month.

New Horizons grants

Following an announcement last week that The Happy Gang of Haliburton received a \$9,850 a New Horizons Grant from the Department of National Health and Welfare two other groups in Victoria Haliburton have received grants.

MP William Scott announced that the Bobcaygeon Lawn Bowling Club has received \$6,316 and the New Horizons on the Move Group in Cobocok has received \$5,670.

A release from Mr. Scott stated, "Since it was initiated several years ago, countless thousands of Canadians have taken part in the New Horizons Program. Victoria Haliburton riding and all senior citizens are encouraged to become actively involved with the group in their area.

Minden News from page 3

The community sends belated good wishes to these people at Hyland Crest having birthdays in October, Johanna DeBos, Berta Dawson, Sarah Simmons, and Tom Harrison.

Mr. and Mrs. Phil Robinson visited Mr. and Mrs. Paul Cockburn at Woodville last Tuesday.

Mr. and Mrs. Bill Irving of Alberta are visiting relatives in this community.

Don't forget the St. Paul's Anglican Anniversary Dinner in their Hall Nov. 3 time being from 5-7.

Mrs. Garnet Stevenson, Pat Raymond, Carole Toye, and Mr. and Mrs. Mervin Barry and family spent the weekend with Miss Lola Stevenson at Kingston and attended the Charlie Pride Show--For Charlie Fans, he was great!

Winners at the Mini Card Party at the Parish Hall last Thurs. afternoon were for bridge Helen Stott, for cribbage Cora Hewitt and Joyce Hewitt; for euchre Agnes Mullins, Harry MacMinn and lone hands Vera Fuller.

Relatives and friends gathered at the home of Irma and Goldie Walker last Sat. night for a Surprise Anniversary Party. About 60 people enjoyed a social time and gifts and many phone calls and cards were received.

number of charges in connection with one incident.

Kevin Billings, charged with eight counts, was fined \$150 for a breach of probation, \$35 for consuming alcohol while a minor, \$75 on one charge of disturbance, and \$150 on a second count of causing a disturbance.

Raymond G. Knight, who appeared on six counts, was fined a total of \$225 on two convictions of disturbing the peace.

Robert Fowler also appearing to answer six charges was fined \$225 for two counts of disturbing the peace and fined an additional \$100 for willful damage. All were sentenced to a probation of two years.

The three were involved in a dispute outside of the Dominion Hotel in Minden. Windows of the hotel were broken.

Common assault charges on the three were withdrawn. Billings, Knight and Fowler had pressed assault charges against Robert Grieg, Junior Alton and Lionel Walker, who also appeared in court on Tuesday. Those charges were withdrawn.

TOWNSHIP OF STANHOPE NOMINATIONS

NOTICE IS HEREBY GIVEN TO THE MUNICIPAL ELECTORS OF THE TOWNSHIP OF STANHOPE IN THE COUNTY OF HALIBURTON, that the period during which nomination papers may be filed in the office of the Clerk for the purpose of Municipal Elections will commence on THURSDAY, NOV. 11, 1976 at the hour of 9 o'clock a.m., and close on TUESDAY, NOV. 15, 1976 at the hour of 5 o'clock p.m., for the purpose of nominating fit and proper persons for the offices of -

REEVE

DEPUTY REEVE

COUNCILLORS (3 to be elected)

SCHOOL BOARD TRUSTEES (2 to be elected)

for the Township of Stanhope; of which all Electors are hereby required to take notice and govern themselves accordingly, and further take notice that the manner in which said nominations shall be filed is set forth in section 34 of the Municipal Elections Act which provides that:

1. A person may be nominated as a candidate for an office by filing in the office of the Clerk, during the normal office hours of the Clerk within the period in which nominations may be filed, a nomination paper in prescribed form which:
a. shall be signed by at least ten electors whose names are entered in the polling lists of electors entitled to vote in an election to such office;
b. shall state the name, occupation and address of the person nominated in such manner as will identify him and the office for which he is nominated; and
c. shall state the name and address of each elector signing the nomination paper and, where the office for which the person is nominated is a member of a school board, that such nominator is a public school elector or a separate school elector, as the fact is

2. No nomination is valid unless there is filed with the nomination paper a consent in writing to the nomination and a declaration of qualification in the prescribed form by the person nominated.

3. A nomination paper nominating a person for an office the holder of which is required to be elected by public school electors shall be signed by public school electors only

4. A nomination paper nominating a person for an office the holder of which is required to be elected by separate school electors shall be signed by separate school electors only.

5. Each candidate for election to an office shall be nominated by a separate nomination paper, but an elector may sign the nomination papers of different candidates.

6. After a nomination paper is filed with the Clerk it shall remain in the possession of the Clerk.

7. The onus is on the person nominated for election to an office to file a bona fide nomination paper.

If a greater number of candidates than required to fill the said offices, are nominated and make the required declarations, notice of the time for the holding of the poll, including the advance poll and notice of the last day for making applications for a certificate to vote by proxy will be given forthwith.

Given under my hand this 27th day of October, 1976.

News from Extendicare

by Charles Plewman

FOR LIFE IS THE MIRROR OF KING AND SLAVE.
"TIS JUST WHAT WE ARE AND DO;
THEN GIVE TO THE WORLD THE BEST YOU HAVE.
AND THE BEST WILL COME BACK TO YOU.
MADELINE BRIDGES

The big news around here is the grant of \$9,850 awarded to our "Happy Gang" for its Parkland Project. This will make it possible for both the "Happy Gang" (resident members) and Extendicare to reach out and serve all Senior Citizens living in this area.

The project will involve converting the grounds surrounding Extendicare into a recreational area with facilities for shuffleboard, barbecues, outdoor picnic tables, gardening, games and crafts, etc. It involves the facilities of the building for meetings, card games and crafts. A meeting will be held soon with representatives from the Over 60 Club and the community at large to find out how best we can work together.

Citizens over 60 that would like to use our facilities for such activities as card games, crafts and social activities should phone Mrs. Miriam Lewis at 457-1722. Why not get up a four-some and phone Mrs. Lewis today.

Extendicare feels very strongly that it is a part of the on-going life of this area. The more the

community at large uses its facilities, the happier it will be. This New Horizon's grant from the Federal Dept. of Health and Welfare clearly indicates that they want us to serve this community to the fullest extent.

In notifying the "Happy Gang" of its award, the Honorable Marc Lalonde, Federal Minister of Health and Welfare, said, "I wish Mr. Plewman and your group every success." Bill Scott, our Federal M.P., wrote to say he was happy to support our application and to let him know if he could be of help.

On Thursday we held our Monthly Birthday Party for those having a birthday during the month. They were Lila Simmons, Stuart Belisle, Gerald Covert, Evelyn Anderson, Jack Kinnear.

Ron and Maxine Curry headed a musical program and worked with Theo Peacock in the reading of some of his beautiful poems about Haliburton's past. It was a nice informal party. Refreshments including a big birthday cake was served before breaking up. Our thanks go to the Currys for their leadership.

Friday's Devotional Period was led by Capt. Douglas Burry, who spoke to us on the "23rd Psalm".

"WE FALL TO RISE - ARE BAFFLED - TO FIGHT BETTER. THE HONORABLE END - THIS IS THE ONE THAT CANNOT BE TAKEN FROM A MAN."

Government officials honor warden

The Warden's Banquet, held on Saturday at the Lloyd Watson Memorial Centre in Wilberforce was time for members from all levels of government in the county to meet under very agreeable circumstances.

Guests of the Warden of Haliburton County, Gerry

Howarth and his wife Florence, were treated to an excellent meal served by the women of the United and Anglican Churches, followed by an evening of dancing and fellowship.

The Banquet is an annual event in the Warden's one year term. A new Warden

will be appointed by County Council in January.

Mr. Howarth has visited and will continue to sit in on municipal councils as well filling his regular place on the County Council and its committees.

As the master of ceremonies for the evening, Reeve of Dysart et al Murray Fearney pointed out, the position of warden is the highest that municipal government can afford, and brings out the best qualities in the person who accepts the post. He said that Mr. Howarth has been dedicated to the well being of the county, firm in his decisions, responsive of change and sincere and honest in all his dealings. In his travels both in and out of the County, Mr. Fearney noted, Warden Howarth has gained respect both for himself and his position.

The banquet is an occasion for the Warden to thank all those involved in Muni-

being an evening when he is honored himself. Mr. Howarth extended special thanks to his wife for her support and to the Bycroft officials who helped him through a very busy year.

The Warden mentioned three areas that he feels are important to the County. His three wishes for Haliburton, he said, included an official plan. He noted that Dysart has a plan partially completed, and that all other townships are involved in restricted area bylaws. He noted that two or three years ago, the county first took up restructuring, and that a prospectus has been prepared last year. Because of financial restraints, however the county was unable to get support from the provincial government to get the study through, and Warden Howarth would like to see such a study accomplished in the future.

Third, he said, that since Haliburton has so much to

He said, "if we are to be a part of laying plans for the future of Haliburton County, we have to be objective and have understanding among us."

Seated at the head table were other members who serve the communities on municipal, provincial and federal government who also addressed the gathering. Piped to their places with bagpipes, the head table was made up of Dysart Reeve Murray Fearney and his wife Darlene, MP for Victoria-Haliburton, Bill Scott and his wife Betty, MPP for Victoria-Haliburton John Eakins and his wife Iris, MPP for the County of Hastings, Clarke Rollins and his wife Bev, Warden Gerry Howarth and his wife Florence, Reeve of Anson, Hindon and Minden and immediate Past Warden Reg Booth, Warden of Victoria County Ted Shea and his wife Betty, Warden of Peterborough County, Geo-

Leona and Warden of Hastings County George Lyons and his wife Hazel.

Our mistake

The Echo and Recorder apologize to Mr. P.R. Lerpiniere for any problems caused by a story published last week which stated Mr. Lerpiniere was going to be stationed as a teacher at a Canadian Armed Forces base in Europe.

Mr. Lerpiniere has only applied for the position and has yet to be accepted by the Department of National Defence. He has only received approval from the Haliburton County Board of Education.

Gems of Truth

"He Closed the Book" Luke 4:20

The way the Lord Jesus handled the Scriptures in the synagogue at Nazareth is of intense interest to the discerning child of God. It was here that Jesus stood up and read from the Book of Isaiah chapter sixty one and verse one and two. All of the first verse was read, but after He had read the first sentence of the second verse, "He closed the Book and gave it again to the minister and sat down." Luke 4:20 Why did not the Lord Jesus read the full verse as the prophet had spoken? Why did He close the Book at that particular point? The answer to this question is found in the fact that the latter part of verse two as stated in Isaiah 61:2 belongs to a day of God's dealing with mankind other than "grace". The acceptable year of the Lord had come and the day of "grace" to all men is about to usher in the days of the Church. However, the "day of vengeance of our God" had not yet come, neither will it come until the "days of the Church" are fulfilled. The Lord Jesus divided these two periods of time by "closing the Book" at the proper place. This is exactly what we must do if we are not to join together, thus confusing the issue of "rightly dividing the Word of Truth". 11 Tim. 2:15 Why insist on keeping the

"Book" open where Jesus closed it? That which God has separated and distinguished in His Word and emphatically taught and endorsed by the Lord Jesus should be ample proof that their are other days ahead than Church days.

When the prophets of Old Testament days spoke of the "sufferings" of Christ, and the "glory" that should follow there was nothing revealed to them as to the length of time that would elapse between those two events. Thus we have their inquiry as Peter reminds us of sin 1 Peter 1:10-11. They did see the two events in the distant future. It was like looking at a nearby mountain range and another one further away. What lay between those peaks was not seen by them and therefore they could not speak regards it.

We now know that over 1900 years have passed since the first coming and "sufferings" of Christ, but the "glory" that should follow still awaits fulfillment in days to come. There are many well meaning Christians who treat these distinct events as of very little importance in their reading and study of the Scriptures. The majority do not "inquire" at all, neither do they "search diligently" as to the true meaning of the "Closed Book" incidence. Many earnest students are

even re-proached for searching out the action of our Lord Nazareth. They are denied for their findings and this special time between the "Church Age" and that "to come" has been nicknamed the "Gap theory" and disregarded as of any importance whatsoever.

But that action of our Blessed Lord in the synagogue at Nazareth was not a "theory". In it He plainly showed that there was a time lapse and that it is a fact and not mere fiction. Why not be content to share His rejection? He alone is the great Revealer of all the plans of the ages. The Lord Jesus well knew why He left unread the latter part of verse two in the sixty-first chapter of Isaiah. The "Glory" would follow the days of the Church which lay in the valley unseen by the prophets. It was a mystery yet hid to the mind of men. The removal of the Church would bring with it the "Day of Vengeance" of our God and then would the Lord Jesus be "King of King and Lord of Lord" in a splendid earthly reign of Glory. 1 Peter 4:13, 5:1, Luke 24:26.

To embrace the Lord Jesus as Savior in the "Day of Grace" which is still among us, is the height of wisdom. The "day of vengeance" just lies ahead with all its implications to follow. The rejected Lord will fully enter into all His Glory.

Core program in county

In response to the Minister of Education's announcement last week that there would be an expanded core curriculum for grades nine and 10 the Haliburton County Board of Education could state that such a core program has always been a part of schooling in Haliburton.

Director of Education, J.D. Hodgson, speaking to the October meeting of the Board, said that "the rest of the Province is slowing down to our way," Haliburton County, he said, has never been on anything but a core program, including mathematics, geography, English history, science and physical education for grades nine and 10.

Principle of Haliburton Highlands Secondary School Brian Mosgrove, said that the recommendations given to grade nine and 10 students at the school in fact result in a more demanding core than the Minister had suggested. Mr. Mosgrove said that the Minister's announcement will make no major changes in H.H.S.S.'s curriculum as far as it is known now. The actual printed version of the official curriculum document for 1977-78 will be available in about a month. Mr. Mosgrove said that he expects to be able to give specific information to students and parents about any changes in January.

Thomas Wells, the Minister of Education, also said that the Ministry's curriculum guidelines for the mandatory core subjects will become more comprehensive and of great assistance to teachers. Mr. Hodgson pointed out at the school board meeting that the Board has set down its own curriculum guidelines for core courses to ensure that students were receiving the required instruction. He said that the county has and has had in the past an acceptable level of instruction.

Mr. Hodgson also noted at the meeting that the Liberal Party of Ontario has announced a policy of external

examination for students four times during their schooling assure parents that their children are

One injured in truck, car crash Saturday

An accident early Sunday morning sent one person to hospital and resulted in a total of \$1,700 damage to a car and a truck.

Injured in the accident which took place on Highway 121 in Haliburton was Lori Stinson, 18, of Willowdale who was taken to Haliburton Hospital with cuts and bruises.

A car driven by James Carroll, 21 of Haliburton struck a tree and then was hit by a truck driven by Peter Carroll, 23, also of Haliburton.

The injured person was a passenger in the car.

The mishap with the tree happened at 1:45 a.m. and the collision took place at 1:48 a.m. according to the Ontario Provincial Police report.

A single car accident early Saturday morning resulted in \$1,000 damage to a car driven by Glen Brian Hupe, 24, of Calgary Alberta. The car struck a number of guide posts while travelling on Highway 519 north of Haliburton village.

There was \$900 damage to a pick-up truck driven by Anna Lee, 42, of Eagle Lake when it went off Highway 530 and struck a boulder.

The accident took place at 9:30 a.m. Friday morning. Donald Nicholson, 31 of Haliburton, received only minor injuries when he was struck by a car driven by Daniel Schilbach, 21, of Haliburton. The Schilbach vehicle also struck a truck driven by John Smith, 43, also of Haliburton.

The accident took place Friday morning on Highway 121 in front of the high school.

learning. Mr. Hodgson said that while he feels this may be too demanding, he agreed in principle with external examinations that would be standard across the province.

Man not guilty of liquor charge

There was \$400 damage to the Schilbach vehicle and \$500 damage to the Smith truck.

An accident at 7:20 a.m. Friday morning resulted in \$700 damage to a school bus and \$450 damage to a

pick-up truck.

The accident took place on Brady Lake Road.

Driver of the truck was Allen M. Austen, 58, of Minden and the school bus was driven by James F. Foster, 47, of RR 2 Minden.

Tried at the Provincial Court in Minden on Monday Lloyd Barry of West Guilford was found not guilty of a charge of having the care and control of a vehicle while level of alcohol in the blood exceeded .08 per cent.

Mr. Barry, on his tractor, had been forced off the road on May 19, he testified by an oncoming car. He told the court that he had been badly shaken and had returned home, about a 10 minute walk, after the accident. He had consumed some alcohol in an effort to steady his nerves, although he was not in the habit of drinking since an accident three years ago, he said. He then returned to the tractor to assess the damage and was apprehended by the police who arrived at the scene and took Mr. Barry to the Minden detachment for a breathalyzer test. Mr. Barry told Judge Inrig that he did not intend to move the tractor at that time, and in fact could not have done so considering its position.

The judge did not ask counsel for argument but ruled that it was a case of credibility. He accepted Mr. Barry's story and said that since the police officer had testified that he tried to move the

tractor and couldn't, the case was dismissed. Other charges in connection with the incident were also withdrawn.

Impaired driving

Stephen Weir of Unionville pleaded guilty in Provincial court Monday, to a charge of impaired driving. Weir was fined \$240 and costs for the offence committed on May 22 in Anson Township.

Legion worker dies

John Fergus, of Peterborough, well known in the Haliburton area for his work with the Royal Canadian Legion died Monday morning.

Mr. Fergus worked with the legion since the end of the second world war.

He was a zone officer at the time of his death. Mr. Fergus will be buried in Smith's Falls today.

Teacher shares what he has learned

John Fitzgerald, a teacher at Victoria Street School has been sharing what he learned at reading courses at York University this summer with 55 teachers from Haliburton County.

The teachers have come at their own expense to sessions that began on October 5, and are to continue for 10 or 12 sessions. The Board of Education was told at its monthly meeting. The 1½ hour sessions are held after 4:00 p.m. so that teachers from other schools can attend.

The board was pleased with the initiative taken. Director of Education, J.D. Hodgson, noted at the meeting, "When we talk about teachers not wanting to do things, we're not always right."

Practise good dental health

The Haliburton, Kawartha Pine Ridge District Health Unit says that Halloween can be a time to practise good dental health.

A news release from the association states, "More and more families are doing this by choosing wisely for their shell-outs."

The release notes that if Halloween treats in the form of sweets were only eaten for a few days, it would not be a great hazard to dental health. "However, very often the bag of shell-outs last for weeks and even months. Instead of being just a temporary suspension of good dental health, Halloween turns into a permanent habit of excessive candy-eating," the release says.

The health unit suggests that such things as peanuts, potato chips, plain popcorn, cheerios, sunflower seeds and sugarless gums make good dental health treats.

The Haliburton Highlands Secondary School Scholarship fund committee consists of Robertson Herlihey, chairman; Louise Madden, secretary; Marilyn Kuno, treasurer; James Cooper, R.J. Curry, Gerry Dawson, Donald J. Finn, William Gliddon, F.H. Herlihey, Mrs. Clayton Hodgson, Archie Stouffer, Sandra Valentine, Dorothy Way, HHSS Girl's Athletic Association, HHSS Glee Club and HHSS Students' Council, donors of perpetual awards; Douglas Hodgson, director of education; Leonard Salvatori, Haliburton County Board of Education; Brian Mosgrove and John Stouffer, Haliburton Highlands Secondary School staff; Mel Robertson, Royal Canadian Legion Branch 129; Margaret Brown, Earl Cooper, Keith Hill and Bernard Trepanier, members from Haliburton County.

Along the Trail

by Roy Bates

New Bridge Completed

Sunday, October 17th, saw a group of directors and members of the Haliburton County Snowmobile Association led by their President and Vice President at work on the bridging of Fourcorner Creek. This bridge is located at the eastern end of the portion of Peterson Trail to be maintained by the Association. Just a few hundred yards beyond, the Ministry of Natural Resources has erected a span across Kingscote Creek in the section which the Ministry will maintain along the south boundary of Algonquin Park and leading to Lake St. Peter.

The HCSA acknowledges the assistance of the Ministry in providing funds (last year) for the construction of the Fourcorner bridge, and also for supplying several strong poles used as stringers for the main span. Additional materials were acquired at local lumber dealers or donated by members. Our sincere thanks to ALL who assisted in the project.

The Twin Pines Trail

On the same weekend, this writer enjoyed two long walks in the woods locating the most scenic (and easiest to cut) route for a new trail in the Haliburton - Donald - Irondale chain. The route, which connects at Donald with the popular Tractor Road, will make good use of the unploughed Lochlin Lake access road from which it will meander overland past the "Double O Pond" to intersect the present trail at the Glamorgan - Snowdon boundary. The trail derives its name from two beautiful pine trees, about two feet in diameter, standing just far enough apart for the "Bomby" to pass between.

I was truly pleased when a phone call in mid-week announced that four ardent snowmobilers from Southwestern Ontario were coming to Haliburton and looking for a trail to cut. They were Roger Green, his brother Brian, and their friends Bill McLaughlan and Arthur Lang. We all got a good soaking, Saturday, in the dripping forest, but the result of our effort is two miles of the Twin Pines trail ready for the "Bomby". The underbrushing done a week earlier by the Grattan Woodcock family from Kimmount made our job much easier.

We are looking for volunteers to have another go at it, weather permitting, next weekend.

Haliburton Forest to Extend Double Lane Trails

A bulldozer is now being employed to clear and widen additional trails in Haliburton Forest and Wildlife Reserve for twin track grooming. The new ski-dozers used last winter has proven to be a very successful grooming machine but the trails on which it could be used were somewhat limited. The company is taking advantage of the slack season between summer camping and winter snowmobiling to improve the trail system for more efficient use of the groomer. You will find many more miles of super snowmobiling in the Reserve this season.

Membership in Club Growing

The improved grooming techniques of the HCSA, namely the "Bomby" used late last winter, are directly reflected in the memberships now being received for the 1976-77 season. Renewals and new applications are coming in daily.

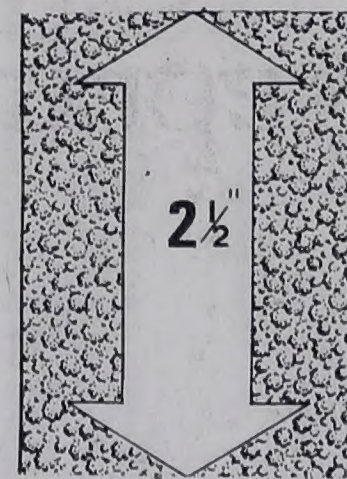

It is notable that about sixty percent of members are from outside the county. This would indicate that (1) A great many cottagers have taken up snowmobiling, (2) they join a club near their cottage rather than one near their home, and (3) they are more appreciative of a club's efforts to improve facilities and organize interesting events than are the resident snowmobilers who tend to take such things for granted.

Support snowmobile trail improvement and enjoy the benefits of membership in an active club. For more information, write: The Haliburton County Snowmobile Association, Box 151, Haliburton, Ontario K0M 1S0

Payment on Bomby Donated

The HCSA wishes to acknowledge with sincere thanks the very generous contribution by Austin's Esso, Minden, which will cover one payment on the trail machine.

Security.
 Income. And flexibility.
 No wonder they're Canada's most
 popular investment.

For over 30 years Canada Savings Bonds have been the most popular investment in Canada. Literally millions of Canadians have used Canada Savings Bonds as a way to build a solid financial base. They're simple, straightforward and easy to understand. They're a great way to save. Here's why.

Security.

Canada Savings Bonds are secure because they're backed by all the resources of Canada.

Income.

They pay good income, an average annual interest to maturity in 1985 of 9.13%. Each \$100 bond begins with \$8.50 interest the first year and then pays \$9.25 interest for each of the remaining 8 years.

Flexibility.

They're flexible, because you can buy Canada Savings Bonds in various denominations, for cash or on instalments wherever you bank or invest. And they're cashable anytime, at their full face value plus earned interest. This year, the purchase limit has been set at \$15,000.

Two Kinds.

A. Fully registered bonds. These bonds are registered as to both principal and interest. The interest is sent to you automatically by cheque each year on November 1st. They are available in denominations of \$500, \$1,000 and \$5,000.

B. Coupon bonds. These bonds are registered as to principal and have annual interest coupons payable to bearer. They are available in denominations of \$50, \$100, \$500, \$1,000 and \$5,000.
